In the foreground, a woman with long blonde hair, wearing a blue pinstriped jumpsuit, is singing into a microphone with her mouth wide open and hands raised. To her right, a man with a beard and sunglasses, wearing a brown blazer and blue pants, is playing a black electric guitar and singing into a microphone. In the background, another band member is partially visible, playing a guitar. The stage is lit with purple and blue lights, and a wooden beam is visible at the top of the frame. The text "Soar to incredible heights on your special day." is overlaid in white, serif font in the center of the image.

# Line-up Options

The Party Pilots are a tight-knit collective of UK's finest contemporary musicians, available in two line-ups:

## 3-Piece Band

Small but mighty! Featuring two lead singers on guitar and bass, backed by a dynamic drummer, this powerhouse trio brings a huge sound that'll have you wondering how just three musicians can make so much noise. Suitable for any venue, large or small.

## 5-Piece Band

Ready to turn it up a notch? This line-up brings in a dazzling female vocalist and a super-talented lead guitarist/keyboardist, giving us the power to mix up our setlist with even more tracks. More musicians, more energy, more variety – let's take the show to the next level!

## Late evening entertainment

Want the party to carry on after the band have finished? We work with a range of experienced, high-end DJs who will keep your guests on their feet until the small hours. We can also complement our DJs with a live saxophonist, trumpet player or percussionist.
